EXPLORE | TECHNOLOGY-ENABLED SPACES
Get the tools you need to support research and practice. Visit our 1:Button Studio to make video recordings at the push of a button. Explore our Makerspace and its Virtual Reality Studio. Use our Productivity Workstations and Data Visualization Center for graphic design, infographic development, statistical analysis, and more!

MEASURE | RESEARCH IMPACT
Work with us to establish Researcher IDs that help track your research output. Dive into Altmetrics for a measurement of your work in the social realm - including social media activity, coverage in media outlets, and inclusion in policy documents or scholarly commentary.

STREAMLINE | GRANT PROJECTS
Turn to us for assistance at every point of the grant funding life-cycle. We can help generate ideas, find collaborators, identify funding opportunities, navigate submission tools, develop data management plans, publish research, and comply with federal funding mandates.

PUBLISH | RESEARCH
Connect with Publishing Services for consultation, guidance, and access to digital publishing platforms. Learn about copyright, Author's Addendum for journal publishing agreements, and the Open Access Publishing Fund.

ENCOURAGE | CRITICAL THINKING
Use our state-of-the-art collection to enhance teaching, learning, and research in ways unimaginable - from 3D anatomy resources to evidence-based point of care tools to historically significant rare books and artifacts that document the history of medicine.

MANAGE | DATA
Call upon our experts for help in organizing information, creating data management plans, incorporating collaborative tools, managing your citations, and sharing your research data.

ADVANCE | PRACTICE
Connect with us to conduct in-depth research in your area of interest - our Systematic Review Service has researched topics ranging from the effectiveness of mind-body treatment for PTSD to identifying adverse drug events using natural language processing and everything in-between.
